We Remember Anita J. Chappell

As we mourn the loss of Board Secretary Emerita, Anita J. Chappell, we fondly remember the phenomenal legacy she leaves behind. Her valuable impact on the academic and educational success of hundreds of children, youth and young adults in Philadelphia for several decades is immeasurable.

As the founding director of the Zion P.E.P. Tutorial Institute at the Zion Community Center, Anita honed her managerial and educational leadership acumen. She had a vision for not only teaching the youth in our community, but also training them to be future leaders. As a civic and business leader in the city of Philadelphia, Anita was self-less in her life's mission to give back to our youth and carry the torch of the late Rev. Dr. Leon H. Sullivan's mission for community economic empowerment. She was the Corporate Board Secretary for Progress Investment Associates since its inception and served in that capacity for 58 years until her retirement. Her love for the company was more than evident, because she continued her involvement as Secretary Emerita when called upon to contribute. For decades, she was an example of an adept community collaborator and used her voice to advocate for the economically disadvantaged, as she skillfully navigated the political arena, corporate sector, church community and the local business community. "The staff and Boards of Progress Investment Associates and Progress Trust, Inc., and the community at-large offer the family of Anita J. Chappell our deepest sympathies," states Wendell R. Whitlock, President & CEO, Progress Trust, Inc.

The purpose of the Registered Community Organization (RCO) as stated by the Philadelphia City Planning Commission is:

The Philadelphia Zoning Code includes provisions for ensuring that neighbors of proposed developments are notified and have an opportunity to provide input regarding zoning decisions that may impact them. This is accomplished through a standardized system of direct notification and through public meetings that are held in

communities and convened by Registered Community Organizations (RCOs).

RCOs are provided notice by the Planning Commission whenever a zoning variance or special exception is requested, or when a development requiring Civic Design Review (CDR) is formally proposed, within their geographic boundaries. Where there is one affected RCO for a property, this organization convenes the public meeting that applicants are required to attend prior to being heard by the Zoning Board of Adjustment (ZBA); where there is more than one RCO in an area, the District Councilperson has the option to select one or more RCO as the responsible party for convening the meeting, in cooperation with all other affected RCOs; and where there are no RCOs the District Councilperson can either choose to host the public meeting or assign an entity on his/her behalf to do so.

It is important to note that RCOs are recipients of early notification of zoning appeals and **are not** given any special privileges before the ZBA. Individual community members and/or organizations are entitled to testify at ZBA hearings or to send letters to the ZBA regardless of RCO status.

Cecil B. Moore Business Coalition (CBMBC) Meeting

Beech Community Services is hosting a series of community meetings for proprietors that have businesses on the Cecil B. Moore business corridor between Broad and 19th Streets. The meetings are centered on discussions relating to the planning and increased business relationships between business owners, financial opportunities, and services available to business owners through the Philadelphia Department of Commerce, The Merchant Fund (TMF) and other local entities. The goals of the meetings are to increase the interactions between business owners, and to work together to build a viable business association on the Cecil B. Moore Business corridor. Business owners in the selected area that are not on the mailing list, and are interested in being included in the meetings, are asked to send your name (contact person), address, business name, telephone number and email address to beechcommunityservices@gmail.com to receive meeting notices and mailings.

The first meeting of the Cecil B. Moore Business Coalition (CBMBC) was held on October 23, 2018 at Pub Webb and nearly ten (10) business owners attended the meet and greet. One of the core meeting discussions was about an available economic opportunity open to business owners through The Merchants Fund (TMF). The Merchants Fund provides financial assistance to current merchants in Philadelphia. The organization makes small grants to small businesses in the City of Philadelphia. Grants are intended to either make money, save money or change the way a company does business. Need is a driving factor in the selection process. Grants are made for projects, not working capital.

Merchants who attended the meeting were given the opportunity to meet one-on-one with Akeem Dixon (Commercial Corridor Manager for BCS) and Christine Brown (Director of BCS) to get more information about the TMF grant. Four local merchants applied for the TMF funding and three received grants totaling \$30,000. The businesses that received grants are: Hue Food Market, 1617 Barbershop, and Pub Webb.

There is additional funding available to merchants through TMF and other funding sources and we strongly encourage business owners to apply. If you own a business along the Cecil B. Moore business corridor and are interested in hearing more about TMF funding or other available funding opportunities, please attend the next meeting of the CBMBC.

The next meeting of the CBMBC will be held on **Wednesday, February 27, 2019** at Hue Food Market, 1601 Cecil B. Moore Avenue from 6:30 PM to 8:30 PM.

The meeting is strictly for persons that have businesses on Cecil B. Moore Avenue between Broad & 19th Streets. Due to space limitations, please RSVP to Christine Brown by calling (215) 763-8868 or you may email your response to cbrown@beechinterplex.com and be sure to include your full name, business name, name of person(s) attending (limited to 2 people per business), and contact number.
